

Dear Tanaka Chonyera,

On behalf of the National Society of Black Engineers (NSBE), it is with great pride and distinction that we formally recognize you as a **2026 NSBE 25 Under 25 Honoree**.

This recognition is reserved for exceptional students and young professionals under the age of 25 who have demonstrated measurable impact, exemplary leadership, and sustained excellence across STEM disciplines, innovation, research, entrepreneurship, and community advancement. Your selection reflects not only technical achievement, but a clear commitment to advancing the mission of NSBE — to increase the number of culturally responsible Black engineers who excel academically, succeed professionally, and positively impact the community.

Honorees are selected through a competitive national nomination and evaluation process conducted by NSBE leadership and appointed review committees. Your inclusion among the 2026 cohort places you within a distinguished class of emerging leaders who are actively shaping the future of engineering and technology.

This recognition is formally issued in conjunction with the 2026 NSBE Annual Convention. Honorees are authorized to display the official 2026 NSBE 25 Under 25 digital credential across professional platforms, biographies, institutional communications, and public materials.

We commend your accomplishments, your leadership, and the standard of excellence you continue to set. The future of STEM is strengthened by your vision and contribution.

Congratulations on this well-earned honor.

With distinction,

Janeen Uzzell
Chief Executive Officer
National Society of Black Engineers

Chika Okwor
2025-2026 National Chair
National Society of Black Engineers

Jazmine Bullock
2026 Convention Planning Committee Chair
National Society of Black Engineers
